28 December 1970

MEMORANDUM FOR: Executive Assistant

SUBJECT: Weekly Report of School of Intelligence and
World Affairs No. 34, 18-24 December 1970

COURSE ACTIVITIES

1. Advanced Intelligence Seminar

Based on student recommendations and our own evaluation, we have decided to extend the length of the A.I.S. by 2 1/2 days. New dates for the next two courses will now be 3 - 19 March and 5 - 21 May 1971. As an experiment in the March course, we plan to hold the opening week's sessions [REDACTED] and the third week [REDACTED]. Availability dates of the two installations have already been confirmed. 25X1A6b

The first week in January, we plan to have an OTR Bulletin published announcing these course changes. At a planning meeting held earlier this week, we agreed that no more than 30 should be enrolled in this course in the future.

2. DDS&T Career Development Course

Some time ago we were asked to present a day on "CIA and the Intelligence Community" in this 4 1/2 month course for DDS&T middle-level officers. This program will be presented on 5 January in Hqs. Presentations will be made by John Clarke, [REDACTED] 25X1A9a

3. Geography of Communist China

This program, originally requested by IAS, will now be attended by both IAS and NPIC personnel. [REDACTED] will teach the course in [REDACTED] beginning next month. Present enrollment is 16. 25X1A6a 25X1A9a

SUBJECT: Weekly Activities Report No. 34

OTHER ACTIVITIES

1. Planning for "Youth Forum"

25X1A9a

[REDACTED] is organizing a two-day "Forum" on youth and particularly student problems which will be presented to a mass audience in the Hqs. Auditorium on 10 - 11 February. Both domestic and foreign aspects of the subject are included in the proposed program, which will be integrated with the final "guest speaker" week of the Intelligence and World Affairs Course for Career Trainees. Hopefully, the show will include a number of academic experts and conclude with a panel of Agency specialists concerned with youth and students as present or potential intelligence problems.

The concept of such forums was discussed and incorporated into long-range planning at the SIWA staff conference at [REDACTED] last summer. The current effort is the largest undertaken thus far. 25X1A6b

PERSONNEL NOTE

25X1A9a

We welcome the return of [REDACTED] to SIWA, after completing his tour with the Midcareer Course. Initially, Charley will be involved in planning for the A.I.S.
